

## ARE YOU READY TO TAKE AMANDA TO THE NEXT LEVEL?

### Find out what Amanda 7 has to offer.

CSDC's latest platform takes 25 years of industry experience and Amanda evolution and provides:

- › A better user experience
- › More responsive design
- › Easy analytics and open data
- › User friendly functionality
- › Enhanced security

### With Amanda 7 you can:

Work on desktops, laptops, tablets or mobile devices on any browser

Manage teams more effectively

Conduct "Google-like" smart searches

Mark multiple folders to take bulk actions

### Plus more!

There's more to experience and more to leverage with Amanda 7. **SCHEDULE A DEMO TODAY.**

LaunchIT has partnered with CSDC since 2015. Today, we have over 60 Amanda trained staff who are dedicated to implementing and supporting Amanda.

We've helped the following clients upgrade to Amanda 7:

- › The City of San Jose, California
- › The City of Brampton, Ontario
- › The City of Maple Ridge, British Columbia
- › The Town of Oakville, Ontario

LaunchIT can review your Amanda roadmap or create one with you.

**We know that adapting to new technology can be challenging. Let LaunchIT experts make your upgrade process as smooth as possible.**

Get a better understanding of *your* A7 upgrade scope, and schedule an A7 Readiness Assessment with us.

Our experts will assess your current Amanda environment and lay the foundations for a successful upgrade. During an assessment we'll review:

- › Current state of folders, properties and people
- › Processes
- › Batches, interfaces and reports
- › Third party integrations
- › Portal needs
- › Mobile needs
- › Number of users
- › Hosting requirements
- › Single sign-on requirements
- › Security needs
- › Documentation standards
- › Current implementation challenges
