

MANAGED SERVICES

Disruptive downtime and technology issues are a pain, but with LaunchIT you can keep your operations running smoothly with our Managed Services support.

Whether we fill the role of CIO or IT Director, or provide a reliable, single point of contact for all of your IT needs, with LaunchIT you'll be able to focus on growing your business rather than getting caught up in an IT loop.

Our IT experts will implement IT best practices, provide assistance, identify and rectify potential issues, make recommendations and can develop an IT roadmap to take your business where you want it to be.

Specific services include:

NETWORK SECURITY

FILE BACK-UP

MACHINE/NETWORK MONITORING

COPIER, PHONES, INTERNET, AND NETWORK SUPPORT

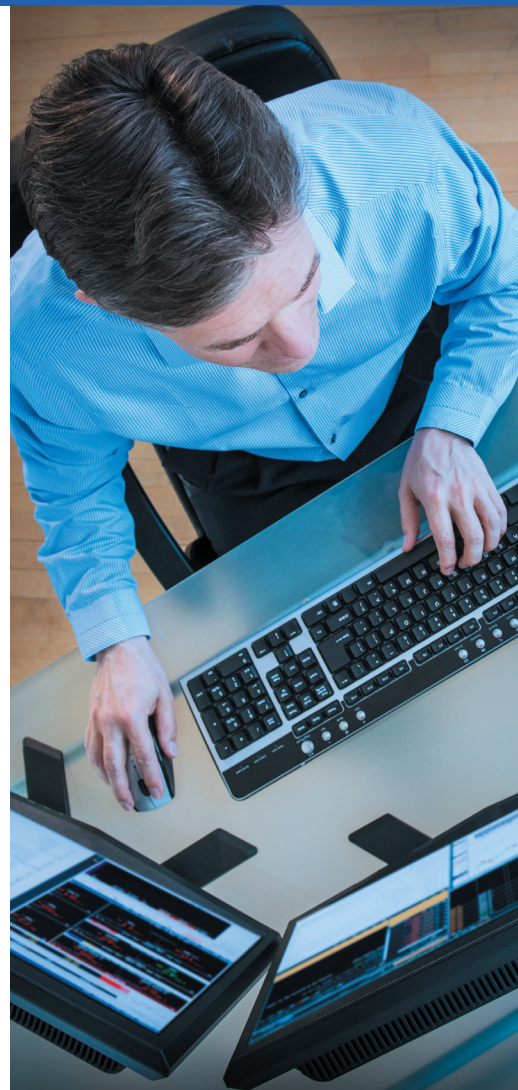

UPDATING & MANAGING SOFTWARE APPLICATIONS

CIO SERVICES/IT DIRECTOR

Our goal is to make your business more effective, efficient, and to create measurable growth. Don't miss out on investing in a reliable, streamlined technology infrastructure.
