Project plans based on **fixed bid**

We have our own talent **in-house**

"LaunchIT has played a pivotal role in Universal Insurance Group's (UIG) growth for many years, helping transform the company from a small, family insurance operation to a widely-respected, nationwide general agency. They have always been innovative with the technologies and solutions they've suggested and implemented to help UIG grow."

- Eddie Mauro
President of UIG

"We have a true partner in the management of our IT infrastructure through our relationship with LaunchIT. Our systems manager has formed a deep understanding of how the ABC staff utilizes our IT resources to conduct business and acts as an extension of our team to promote the association's success."

- Megan Baker
Vice President of Operations of the
Association of Boards of Certification
